

WASHINGTON.

National Board of Health Project Likely to Fail.

WOMEN TO BE ALLOWED TO PRACTICE IN THE SUPREME COURT.

Ex-Gov. Hartranft Nominated for Philadelphia Postmastership.

Senate Finance Committee Favor To-bacco Tax Reduction.

TOO MUCH OF A GOOD THING.

Special to the Cincinnati Commercial.

WASHINGTON, February 7.—It is likely that all expensive projects to form a National Board of Health here, with jurisdiction over the yellow fever, will fail. The General Government is becoming so burdened with bureaus of all sorts, and officers multiplied with fat pay and little to do, that strong opposition is developed among the members to anything of the sort.

FORCING BULLION TO NEW ORLEANS.

Special to the Cincinnati Commercial.

WASHINGTON, February 7.—Secretary Sherman to-day decided to buy no more silver bullion for the Philadelphia Mint, as there is a large stock on hand, and he finds it impossible to get away for New Orleans as long as he buys for Philadelphia, as transportation is so much higher to the former city. Therefore, he will force bullion to New Orleans by declining for the present to buy for Philadelphia. Eighteen thousand silver dollars were ordered to-day.

ARTHUR'S LETTERS

Special to the Cincinnati Commercial.

WASHINGTON, February 7.—Secretary Sherman remarked to-day to your correspondent that ex-Collector Arthur was welcome to publish all letters from him that he had, but he did not like to have them leak out in fragments through the closed doors of the Senate executive sessions. Senator Conkling said to-day that he had returned all letters read in executive session to Arthur. It is said by Arthur's friends that he has a large number of letters from prominent men, asking for places for favorites, and that he will give them all to the public.

SCHEME FOR "NEUTRALIZING" MORMONISM.

Special to the Cincinnati Commercial.

WASHINGTON, February 7.—Senator Windom made an able speech to-day on his plan for colonizing negroes from Southern States in Western Territories, where they can have protection and exercise their constitutional rights without interference. He particularly favored the introduction of negroes into Utah, which, he thought, would neutralize, if it did not entirely suppress Mormonism. Mr. Windom was listened to with careful attention, particularly by the Democratic Senators, and it is understood that Sen. Hill will reply to him.

NEW RIGHT TO WOMEN.

Special to the Cincinnati Commercial.

WASHINGTON, February 7.—To-day the Senate, by a vote of forty to twenty, passed a resolution allowing women to practice before the Supreme Court of the United States. Negative votes were mainly from the Democratic side. During the brief discussion, Mr. Sargent caused an audible smile by declaring that women should have the same right to make an honest living as lawyers. Conkling was conveniently absent during roll call, and coming in just after did not ask to have his vote recorded. The women may be dodged, fearing to face the momentous question.

EX GOVERNOR HARTRANFT'S NOMINATION

Special to the Cincinnati Commercial.

WASHINGTON, February 7.—The nomination of Hartranft to be Postmaster at Philadelphia, to-day, was a genuine surprise. The impulse to appoint him seems to have come on the President suddenly. He mentioned it to Judge Key in Cabinet to-day, and the Judge, who knows Hartman, fell in with the idea, although doubtful whether the ex-Governor would accept. Judge Key says he had a conversation with Hartman recently in Philadelphia, the latter remarking casually that he was poor, and now out of employment. Nothing was said of the post-office, however. While Governor of Pennsylvania his salary was \$10,000. It is commented on here as singular that one of Hayes' strong competitors for the Presidential nomination should now accept a post office at the hands of the former. Judge Key says the post-office business is growing in responsibility. The general verdict among politicians is that it kills another Presidential candidate, as the party could not afford to go to a post-office for a President.

CAPITAL NOTES

Mrs. Hayes' Reception.

Special to the Cincinnati Commercial.

WASHINGTON, February 7.—At her public reception to-morrow, Mrs. Hayes will be assisted by Mrs. Jessie Bradley and Mrs. Senator Bailey, of Tennessee.

See for Ingalls

Says that charges of bribery in connection with his election originate with some men who attempted to defeat him by circulating slanders of similar character before his election, and who are employed by ex-Senator Pomeroy.

Logan Reception.

There have been three separate movements here for the purpose of arranging a reception for Senator Logan when he comes to Washington, but a meeting has been called for to-morrow at Willard's Hall to consolidate them.

South Carolina Frauds.

The Teller Committee to-day took a large amount of testimony as to Democratic frauds and terror in South Carolina, but bring out nothing but what was known by all intelligent persons.

Tobacco Tax Reduction.

Before the Senate Finance Committee, to-day, by a vote of 5 to 4, it was agreed to report in favor of reducing the tax on tobacco to sixteen cents, and snuff to twenty-four cents, being eight cents on each. Cigars are not changed. Representatives of the tobacco trade here are delighted, saying that the business will now have a chance for its life.

A well informed Louisiana politician says the principal reason for removing Collector Smith, of New Orleans, was that the President became convinced that Smith was instrumental in defeating the Republican candidate for Congress in Atchison's district last November.

PENSION APPROPRIATIONS.

WASHINGTON, February 7.—General Rice, chair man of the Committee on Pensions, has had several interviews with Commissioner Bentley as to the necessary legislation to carry out the provision of the Arrears of Pensions Act. Of course time will be required to examine claims presented and with the facilities at his disposal, the commissioner thinks no more than ten million dollars will be required for claims adjusted during the coming year. The committee has informally considered and will probably report a bill appropriating that amount for the purpose. Should claims be more rapidly adjusted, provision for their payment can be made on the meeting of Congress in December.

AGRICULTURAL STATISTICS.

WASHINGTON, February 7.—An agricultural report, just issued, gives the average price of the cotton crop for the whole country at 8½ cents a pound, value of crop for 1878, \$104,700,000.

Average price of tobacco, 5-10c, total crop for 1878, estimated at 393,000,000 pounds, worth \$22,000,000.

Horses have increased three per cent, but the price very materially decreased. Cows show an increase in nearly all the States, and sheep increased about five per cent. Prices for hogs are unusually low, while the increase is about five per cent. Mules increased about two per cent.

COMPLAINT AS TO TIN IMPORTATIONS.

WASHINGTON, February 7.—Parties representing the iron, steel and tin makers of the United States are here endeavoring to induce Congress to correct a most important misconception of the law regarding the importation of tin-plate.

It is claimed that this misconstruction of the law has caused for many years an annual loss to the Government of about \$3,000,000, and has prevented the development of an industry in which, if protected

least forty thousand persons would ultimately obtain a livelihood, and through which about \$12,000,000 would be kept circulating at home which we send abroad annually. The tin-plate business represents an annual consumption of over 150,000 tons of pig iron and about 1,000,000 tons of coal, and about fifty rolling mills, with two turns each, are required to supply the demand for this article.

The iron manufacturers believe that the development of tin-plate making in the United States would tend quickly and powerfully to revive the whole business by creating a demand for the surplus product of pig iron, and that it would go far towards restoring prosperity to all interests, inasmuch as there can be no general prosperity while the iron trade is prostrated.

The iron and coal interests of Pennsylvania, New York, Ohio, West Virginia, Virginia, Maryland and Illinois are represented here. It is not expected to accomplish anything during the present session, but it is thought that the subject will be taken up and settled satisfactorily early in the next session of Congress.

FINANCIAL MATTERS.

FOUR PER CENT SUBSCRIPTIONS.

WASHINGTON, February 7.—Subscriptions to the four per cent loans since yesterday's report \$1,772,000.

TOBACCO TAX REDUCTION.

The Senate Finance Committee orders reported to the Senate the House bill amending the Internal Revenue Law. The committee is to 4—recommended concurrence in the House provisions reducing the tax on manufactured tobacco to sixteen cents per pound. The vote in detail was: Yes—Messrs. Jones, of Nevada, Burdick, Kornan, Wallace, and Voorhees—5; No—Messrs. Merrill, Dawson, Ferry, and Allison—4.

The committee fix the tax on snuff at twenty-four cents, and strike out all provisions relative to the tax on cigars, cheroots and cigarettes, thus leaving them subject to taxation at existing rates, and strike out the provision repealing the tax on matches and tobacco in the bonded warehouse clauses.

The bill is further amended by the addition of a section to remit all taxes upon insolvent savings banks, and to exempt from taxation \$2,000 of each deposit made by one person or association in any savings institution.

NOMINATIONS.

WASHINGTON, February 7.—The President nominated J. Phineas McMurtie, Collector of Customs, District of Minnesota; John F. Hartranft, Postmaster, Philadelphia; James Pollock, Naval Officer, Philadelphia, A. London Spooner, Superintendent of the Philadelphia Mint; Martin Party Kurantz, Assistant Treasurer of the United States, Boston; and Thomas Stevenson, Collector of Internal Revenue, Fifteenth District of New York.

CONFIRMATIONS.

The Senate confirmed Charles K. Graham, Surveyor of Customs, New York; Michael L. Field, Collector of Land Office, St. Croix Falls, Wis.; Receiver of Public Money—James Stout, Boise City, Idaho; Joel F. Mason, St. Croix Falls, Wis.

Postmasters—Arkansas—Timothy McCarthy, Laredo, Salmon P. Chase; Steele, William H. Mitchell, Beloit; Hormann J. Fringer, Dodge City; Alvin Shelden, Eldorado, Illinois—Charles H. Ormsby, Atlanta; Jonathan K. Westfall, Bushnell, Minnesota—James Douglass, Moorhead.

SILVER DEMAND.

WASHINGTON, February 7.—The Secretary of the Treasury gives publication that he has a sufficiency of silver bullion at Philadelphia for all present purposes, and that until further notice he will not receive bids for bullion delivered at that point, but that, commencing on Wednesday next and on each succeeding Wednesday, until the bidders are notified to the contrary, he will receive bids for silver bullion, deliverable at New Orleans and San Francisco. The Secretary is anxious to commence active operations at the New Orleans Mint, and has hopes that the Mexican bullion trade may at least in part be diverted to New Orleans.
